The image shows a technical drawing on a grid. The drawing consists of several horizontal and vertical lines forming a complex structure. A prominent feature is a large diagonal line that starts from the left side and extends towards the bottom right. There are several green arrows pointing downwards, located in the central and lower-left areas of the drawing. The drawing appears to be a floor plan or a similar architectural drawing, with various rectangular shapes and lines indicating different sections or components. The grid lines are thin and black, while the drawing lines are thicker and black. The green arrows are small and point downwards, indicating a direction or flow.
